Georgia attracted the attention of the delegations to the bilateral agreement between Turkey and Russia and has declared that does not recognize Article 3 of this Agreement in the part concerning delimitation of SAR Responsible Zone of Georgia.</b></p> <p><b>The agreement between Russian Federation and Republic of Turkey does not constitute any boundary or limiting line apart from the two forementioned countries. It is also clearly stated in Article-3 of the agreement, that the outer limit line delimiting SAR regions between the Russian Federation and Turkey shall be specified by respective bilateral agreements to be concluded with other Black Sea coastal states. In this manner, this agreement only contributes to establish a clearly defined SAR responsibility in the Black Sea and does in no way prejudice any boundries between countries other than Russian Federation and Turkey.</b></p>
